Monysupermarket Group

The MoneySuperMarket Group is the UK's largest price comparison website. We operate through three well known and trusted brands, MoneySuperMarket, TravelSuperMarket and MoneySavingExpert.

We're a company that inspires passion, courage and imagination. We work on a modern highly-performant platform, which we have invested £60M in over the last 3 years. Our platform brings products from over 800 financial providers to more than 24 million unique monthly visitors. We are constantly changing our platform and products to help customers save money and deliver the experience they love. If you're interested in joining a purpose-driven company that is dedicated to creating a world-class engineering team, a company you can be proud to be a part of - join MoneySuperMarket.

We are now looking for talented individuals to join our team working on the design and development of new features, enhancements and technical improvements across our Group and range of brands – if you love your technology, you'll love it here.

CDL is one of the UK's leading insurance technology companies, employing over 600 people at its campus in Stockport.

It has spearheaded innovative solutions, enabling clients such as Ageas Retail, Swinton Insurance and Tesco Bank to thrive in a highly competitive marketplace. Its collaborative culture, agile approach to software development and commitment to blue skies thinking have earned it Top Employer status and a market leading position.

In addition to being a fantastic place to work, Auto Trader does happen to be the UK's number one motoring digital marketplace attracting c.55 million cross platform visits each month.

Our market leading products are used by over 80% of the UK automotive retailers who advertise on autotrader.co.uk. We are constantly striving to improve and aim to be brilliant at everything we do for our customers and our employees while staying true to our company values. All of this adds up to an exciting tech company, with a focus on discovering new things, building on great relationships and having fun along the way.

We are Code Nation; a coding school whose belief is that *everyone* can learn to code.

We offer our students two ways to learn – our one-week 'Begin' course, or on our 12-week 'Master' course – and we are the only coding school in the UK to be supported by a dedicated recruitment company, meaning we can open doors for students in their future careers

So if you're a school or college-leaver, university graduate, someone looking to change careers or a digital practitioner wanting to upskill, we are the right school for you.

Choosing a university is one of the biggest decisions you'll make - and we want to help you make the right one.

There are countless reasons why the University of Salford could be the place for you: our unbeatable links to industry that will get you work-ready; our location in the heart of Greater Manchester; our state-of-the-art facilities and award-winning academics... But the thing we love most about Salford is the community our staff and students have built together, to make our University a warm and welcoming place to live and study.

KPMG in the UK is part of a global network of firms that offers Audit, Tax, Consulting and Deal Advisory services.

The Talent of over 13,500 colleagues brings imagination and insight to our clients' most critical challenges. We work with everyone from small start-ups and individuals to major multinationals across the UK.
