There are really not many conferences like DeliverConf...

This conference is for people delivering products or projects who want to learn, share, lead and be part of something bigger.

DeliverConf is all about helping you to connect with your community! Whether you're looking to learn from your peers, share your knowledge or get inspired - join us for a relevant and interesting conference with bags of great practical takeaways.

In order to have a successful delivery, the skills and techniques to manage products, people, projects, relationships and budgets are crucial - whatever your role may be.

What's to come in 2020...

Manchester's tech space is thriving and has resulted in a more diverse audience who demand high quality along with fresh content. We're so excited to bring you another exceptional line up in March 2020, with two days of events: Day 1 is workshops and Day 2 is our conference day with case studies, talks and discussion that offer refreshing perspectives.

Delegates will be inspired to make real connections to thrive in our digital delivery community. Delivering value is at the core of what we do, be it internally, to clients or customers regardless of what methodology you follow - that is why being involved with DeliverConf is a great opportunity for you.
