SUMMER SUMMIT

Sponsorship Brochure

**Manchester
Digital**

Member Summit

After a successful member's conference in June 2019, we have decided to run the event again! Taking place in June 2020, we will once again bring our community together and give them the opportunity to discuss the issues that matter to them as well as share ideas and thoughts on how we can work together to solve them.

The summit takes place over an afternoon, with two insightful tracks.

**Manchester

Summer Party

The Manchester Digital Summer Party will follow immediately after the member summit. It is one of the highlights of the social calendar amongst Manchester's thriving tech and digital scene.

Each year over 200 people gather together to meet new people, make connections, talk business and enjoy some good food.

The Summer Party attracts an array of different delegates including developers, CIOs, CTOs, designers, project managers and everyone in between.
